PCI # [20250207-OBO]
End of Life BRAVO-TSI-BRAVO-ECI

Supplier Info CE+T S.A Rue du Charbonnage 12 B-4020 WANDRE (Belgium)		Product notification number: PCI: 20250207-OBO
Date March 2025	Product description: BRAVO-TSI-BRAVO-ECI	
Dear Customer/Partner, We would like to inform you about an important update regarding our modular inverters, which have successfully served your needs since 2007. After careful evaluation, we have decided to phase out the BRAVO-TSI and BRAVO-ECI modular inverter range. Technological advancements have enabled us to develop a new, more efficient, and cost-effective solution—our latest inverter series: BRAVO10 and BRAVO25. These new products offer enhanced performance, reliability, and flexibility to meet evolving industry demands. To ensure a smooth transition, we have established the following schedule: • Last order date: December 31, 2026 (subject to stock availability; CE+T Power reserves the right to extend this date to facilitate stock clearance) • End of support & spare parts availability: March 31, 2035 The appendix attached refers to all part numbers concerned by this end of life as well as proposed replacement with our new product range and controller. Please consult our sales department for any support you may require. Our new BRAVO10 and BRAVO25 inverters are designed with cutting-edge technology to provide significant advantages : • Higher performance: increased efficiency and reliability. • Compact design: optimized space utilization • Cost-effectiveness: lower total cost of ownership • Seamless integration: easy replacement and compatibility with existing systems We understand that transitioning to a new product range requires planning and support. Our team remains available to assist you in selecting the best replacement solutions and ensuring a smooth migration. We are committed to providing uninterrupted service, including spare parts and technical assistance for BRAVO-TSI and BRAVO-ECI until 2035. For specific inquiries, product replacements, or further details, please contact your CE+T Power sales representative.		

We appreciate your trust in CE+T Power and thank you for your continued support. We look forward to helping you transition to our new, more advanced inverter solutions.

We remain available for any information you may require.

Sincerely,

O. BOMBOIR.

Olivier BOMBOIR
Director of Product Management
