

Stretchable Mosites Heater Blanket

HEATCON COMPOSITE SYSTEMS introduces a new flexible and stretchable heater blanket made of high performance Mosites Rubber #1453-D.

- Stretchable and Flexible
- High performance and durable unsupported Mosites #1453-D Rubber
- Higher Elongation
- No damage by using pressure sensitive tape
- Aerospace approved material
- Max. Temperature: 500°F (232°C)
- Max. width: 39" (99cm) unspliced, max. length: 138" (350cm) unspliced
- Standard square sizes: 6, 8, 10, 12, 15, 18, 24, 36"
(15, 20, 25, 30, 38, 46, 61, 91 cm)
- Other shapes and sizes on request
- Watt Density: 5 WSI (0.8 W/sqcm)
- Input Power: 120 V or 220/240 V
- Thickness: 0.12" (3.0mm)
- 5' (1.5m) Teflon Leads
- Grey with red tab
- CE Conformity
- HC...E1 designation
