

Royal Sovereign Sigmont 65H 61" Heat Assist Roll Laminator

Description

The Royal Sovereign Sigmont 65H offers a 61" laminating width and has heat assist top roller to wet out pressure sensitive laminate for perfect adhesion and application to media. It has a laminating speed of up to 49.2 feet per minute, with high grade silicone rollers, and a top roller temperature of up to 140 F, this is ideal for production operations.

The Sigmont 65H has three rear slitters with micro-adjust features for print separation of multiple up jobs. The front facing roller nip adjustment crank, foot pedal & rear remote control makes it easy to operate. The laminator has a roller on the front edge of the feed table and using the bottom media supply as a front feeder along with the rear integrated rewinder, enables you to do roll to roll laminating.

Features:

- High grade silicone rollers for consistent lamination
- Three rear slitters for print separation
- Front facing roller nip adjustment crank
- Maximum lamination speed of 49.2 ft/min
- Maximum top roller temperature of 140F
- Larger roller diameter of 5.125"
- Foot Pedal & Rear Remote Included
- Integrated rear media rewinder
- Release Liner Take-up

Specifications

Manufacturer	Royal Sovereign
Manufacturer Part Number	SIGMONT-65H
Laminating Speed ft/min	49.2
Top Roller Temperature	140F
Mounting capacity	up to 1"
Product size (L x W x H)	24" x 83" x 49"
Product Weight	419 lbs.
Shipping Size (L x W x H)	31" x 86" x 55"
Shipping Weight	710 lbs.
Power	120V / 1600W
Manufacturer's Warranty	1 Year Limited Manufacturer's Warranty
